## Directions

### For the Telemedicine Learning Center

#### To UCSD from I-5 North/South:

1. Exit onto La Jolla Village Drive West (from I-5 North - turn left; from I-5 South - turn right)
2. Turn right onto Villa La Jolla Drive
  - Up the hill about 0.3 miles (stay in left lane as the right lane must turn)
  - Go past the first light (the VA center is on your right)
3. At the next signal light, drive straight into the Gilman Parking Structure.
4. Park in any open Visitor parking spaces and purchase a [parking permit \(see below\)](#) from one of the parking kiosks.
5. Walk across parking lot P602 and the ceremonial green lawn to the Medical Education - Telemedicine (MET) building.
6. In the main MET quad, take the elevator/stairs to the lower level.
7. The Telemedicine classrooms are located in the main lightwell corridor opposite the elevators - Rooms LL152 & LL154.

#### [Interactive UCSD Map](#)

The Medical Education-Telemedicine (MET) building is shown as the "Telemedicine" building in the Visitor map (Bldg #845).

Click to ZOOM in on the School of Medicine to identify the specific buildings and the Gilman Parking Structure (Bldg #783).

You can also SEARCH for the building in the left column to locate it: click *Buildings* > *School of Medicine* > *Medical Education and Telemedicine*.

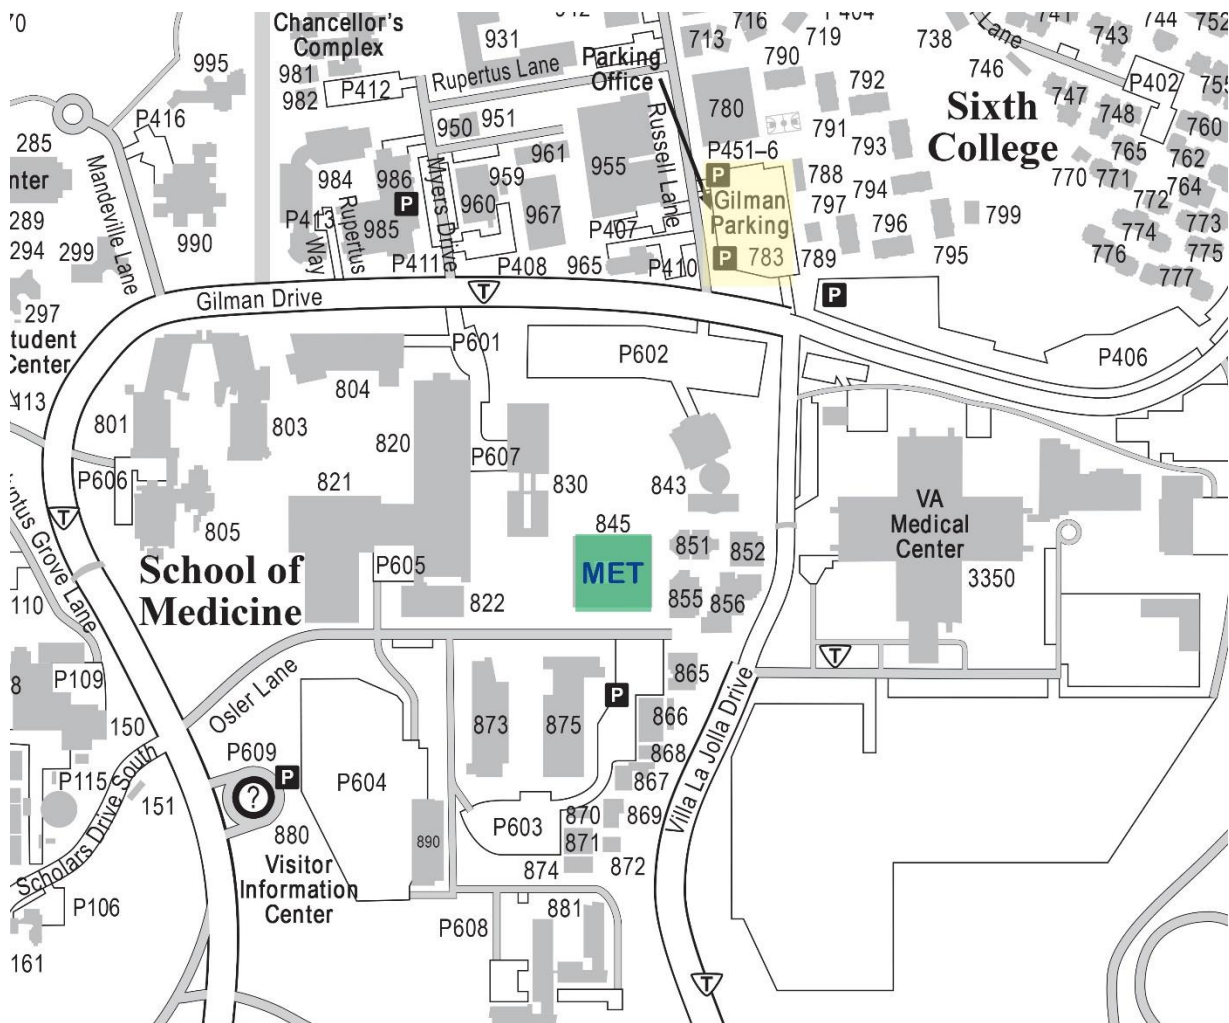

## Parking

A [parking permit](#) is always required Monday through Friday at all UCSD parking lots. While there are a limited amount of parking spaces near the Telemedicine building, attendees are recommended to park in the Gilman Parking Structure (read the "[Pay Station permits](#)" section). Single day parking permits are \$16 and can be purchased from any Permit Pay Station inside the Gilman Parking Structure. The Permit Pay Stations accept exact cash, Visa, Mastercard and American Express.

# Location

The Medical Education and Telemedicine building (highlighted in green below) is located on the UCSD School of Medicine campus alongside Osler lane.

On Google Maps you can search using “Medical Education and Telemedicine” to get directions directly to the building.

## Parking

All of the parking lots shown above are labeled with a “P” and then a number.

If you are parking during the weekday, the best option is probably the Gilman Parking structure (highlighted in yellow).

Parking is extremely limited during the weekdays and most events with high attendance use a shuttle service to help their attendees get to the building.

Currently, weekend parking is free.
